

Oral Paper Presentations 15 December 2017 (10.20am To 11.40am) Hall A

Oral	Abstract title	Presenting author	Institution
1.	5-ht2/5-ht2b receptor antagonism attenuate fibrotic phenotype of human peritoneal fibroblasts via non-canonical signalling in patients receiving continuous ambulatory peritoneal dialysis	Saurabh chaturvedi 1	1-department of clinical immunology; sgggims; lucknow2-department of nephrology; sgggims; lucknow
2.	To study the utility of m-type phospholipase a2 receptor antibody(pla2r) in membranous nephropathy	Shingada aakash kirit	Sir ganga ram hospital; rajinder nagar; new delhi - 110015.
3.	Effectiveness of an intervention package on internal jugular vein catheter related infection among the patients undergoing hemodialysis: a randomised control trial	Geetanjali loomba; m.sc. Nursing (nephro-urology nursing); national institute of nursing education; pgimer; chandigarh	Post graduate institution of medical education and research; chandigarh.
4.	Mortality rate and its determinants in end stage renal disease patients	Dr neha jain3rd year dnb residentpsri nephrology	Psri sheikh sarai phase iidelhi
5.	Cholecalciferol supplementation is effective for suppressing secondary hyperparathyroidism in chronic kidney disease patients with vitamin d deficiency	Ashok kumar yadav	1department of nephrology; postgraduate institute of medical education and research; chandigarh; india2the george institute for global health; new delhi; india3university of oxford; oxford; england; united kingdom
6.	A study on the assessment of nutritional status in capd patients at tertiary care hospital	Dr .amaravadi ayyappa ;	Osmania medical college ; hyderabad ; telangana
7.	Clinical outcome of twice weekly and thrice weekly hemodialysis	Dr arun kumar ponna	Osmania medical college; hyderabad
8.	Incidence and risk factors of diarrhoea among renal transplant recipients and its influence on graft outcome.	Dr jeethu joseph eapen	Christian medical college and hospital; vellore

Oral Paper Presentations 15 December 2017 (10.20am To 11.40am) Hall B

Oral	Abstract title	Presenting author	Institution
9.	Clinico-pathologic correlation in response to therapy in proliferative lupus nephritis at six months	Dr. S R Patil	Department of nephrology institute of nephro urology victoria hospital campus bangalore
10.	Histone deacetylases 2: an epigenetic player in steroid resistant childhood nephrotic syndrome	Akhilesh jaiswal	Department of nephrology and renal transplantation ¹ ; and clinical immunology ² ; lucknow; india
11.	Profile of pulmonary infections in renal transplant recipients in a tertiary care centre	Dr. Shreepriya mangalgi	All india institute of medical sciences; new delhi
12.	Intra-ocular pressure changes during hemodialysis – an observational study	Jayanivash jayam	Stanley medical college
13.	Clinical applicability of tacrolimus genotyping in kidney transplant patients using tacrolimus	Shweta	Bombay hospital institute of medical sciences & hinduja national hospital; mumbai
14.	The temporal profile; risk factors and outcome of catheter associated blood stream infection (cabsi) with temporary uncuffed catheters (tucs) in adult incident haemodialysis patients	Varun agrawal	Departments of nephrology and microbiology; christian medical college; vellore; tamil nadu; india
15.	Abo-incompatible kidney transplant	Dr. Bharat shah	Global hospital; mumbai
16.	Preemptive kidney transplant	Dr. Pawan deore	Global hospital; mumbai

Oral Paper Presentations 16 December 2017 (11.20am To 12.35pm) Hall A

Rekha award	Abstract title	Presenting author	Institution
Rekha-1	Non invasive means of differentiating diabetic nephropathy and nondiabetic renal disease using serum bmp 7 and tgf beta 1 levels in patients of type 2 diabetes mellitus with renal disease	Dr. K. Jyothi Priyadarshini	Department of nephrology Gandhi medical college/hospital Secunderabad, telangana
Rekha-2	Individualised dialysate sodium prescription in hemodialysis- results from a prospective interventional trial	Dr. Radhika C. Radhakrishnan	Department of nephrology, Christian medical college Vellore, tamil nadu

Oral Paper Presentations 16 December 2017 (11.20am To 12.35pm) Hall A

Oral	Abstract title	Presenting author	Institution
17.	The effect of carnosine on venom induced acute kidney injury in experimental rat model.	Dr.pinaki mukhopadhyay 3	1. Department of physiology; university of calcutta; kolkata; india.2. Department of physiology; ananda mohan college; kolkata; india.3. Department of nephrology; nrs medical college & hospital; kolkata; india.
18.	P-glycoprotein and multidrug resistance-associated protein-1 on different t-cell subsets in idiopathic nephrotic syndrome in children	Harshit singh 1	1-department of nephrology; sgpgims; lucknow 2-department of clinical immunology; sgpgims; lucknow
19.	Role of p-gp in pathogenic conversion of th17 cells in lupus nephritis leading to glucocorticoid resistance	Mohit kumar rai	Department of clinical immunology; sgpgims; lucknow
20.	Outcome of omentectomy in omental wrapping in continuous ambulatory peritoneal dialysis catheter peritoneal dialysis : a single centre experience.	Dr pramod g final year dm resident	St.johns medical college; bengaluru
21.	Study of non diabetic kidney disease in type2 diabetic patients with renal involvement	Dr arun k adm trainee dept of nephrology govt td medical college alappuzha kerala	Govt td medical college alappuzha kerala
22.	Pulmonary hypertension in various stages of chronic kidney disease in indian patients years	Dr. Kalpana mehta	Dept of nephrology t.n.medical college & b.y.l.nair ch hospital; municipal corporation of greater mumbai mumbai

Oral Paper Presentations 16 December 2017 (11.20am To 12.35pm) Hall B

Oral	Abstract title	Presenting author	Institution
23.	Nutritional assessment in haemodialysis patients to identify factors predicting poor outcomes	Dr.walter anthony	Naraya hrudayalaya hospital; bangalore
24.	Abo incompatible transplantation without induction agent - our experience	Feroz aziz	Dept of nephrology aster mims; calicut; kerala iqraa international hospital and research center ; calicut ; kerala
25.	The effect of arterio-venous fistula creation for haemodialysis access on blood pressure control in advanced chronic kidney disease	Dr.ajith abraham kurien	Heartlands hospital; birmingham; uk
26.	Assessing dry weight on hemodialysis: are we wide off the mark?	Abhishek dixit	Bombay hospital institute of medical sciences
27.	One year follow up study of outcome in cases of acute kidney injury	Dr gomathy sadditional professordept. Of nephrology	Govt. T d medical college'alappuzha- kerala
28.	Panel reactive antibody (pra) screening using luminex platform to detect preformed anti hla antibody and its clinical significance in kidney transplant rejections	Dr prashant rajput	Institute of renal sciences; global hospital; mumbai
29.	“study of the carotid intimal medial thickness in patients with chronic kidney disease in indian population: observational study”.	Dr. Pradip saruk	T.n medical college and b.y.l nair charitable hospital; mumbai.
30.	Epicardial adipose tissue volume as a marker of atherosclerosis in hemodialysis population. Years	R.vivekpraveen	Stanley medical college; chennai.
